Dear Sir/Madam

I am interested in the Web Developer Internship at Metfone Company. I have skills in HTML and CSS. I also have some experience with PHP and MySQL which helps me understand both frontend and backend development.

I am studying at the National Technical Training Institute (NTTI) and have been there for three years. I have good problem-solving skills and enjoy building user-friendly web applications. I am a quick learner and always ready to improve my skills.

I admire Metfone Company's work in telecommunications and would love to be part of your team. I believe my skills and motivation will help me contribute to your projects. I am also excited to learn from experienced developers.

I would love the chance to discuss how I can help your team. Thank you for your time and consideration. I hope to hear from you soon. Finally, I hope I will be selected and can show my ability for Metfone Company more with the new position. I am very pleased to meet and make conversation with you. Additionally, I am a sociable and honest person. Thank you for your time and consideration. I am looking forward to hearing from you about the interview at any time with you.
Respectfully submitted

SAINGLYHENG

About Me

I am a Frontend Developer skilled in HTML, CSS. I also have experience with backend technologies like PHP and MySQL.
